

ADVANCE MANUFACTURING LABORATORY

About Laboratory:

- **NX CAM** is the world leader in Computer Aided Manufacturing that improves productivity in tooling, fixture design, and NC machining processes.
- NX includes a full set of capabilities to drive manufacturing activity that helps make better products. To create a faster production process and components and tooling with more precise dimensions and material consistency.
- **Teamcenter** helps you deliver increasingly complex products to market while maximizing productivity and streamlining global operations

Laboratory Equipments/Instruments:

Sr. No.	Name of Equipment/Instrument	Specifications	Qty.	Figure
1	Dell Precision T1700 Work Station	Intel(R) Xenon(R) CPU E3-1226 v3 @3.30 GHz, 16 GB RAM	31
